ASWGA Mudgee Region Report

July 2008

This year has been another tough one for most growers in the Mudgee Region. Rainfall has been spasmodic and often a little bit late. It now seems like a 25mm shower a month is as good as it gets.

Most members have ceased hand feeding and sheep are grazing well on their own. Wool is growing better than the same time last year and we should see increases in the production of wool bales. All we need now is a better market to sell it.

It is good to see that the Mudgee Region is still strong supporters of the Zegna Competition and New England Wool Ultimate Clip Preparation Competition. I hope that members continue to support these competitions for years to come. Congratulations to all the winners and place getters in these competitions.

As this is my last year as chairman of the Mudgee Region, i would like to thank members for your support and especially to Bob Colley and Nella Price.
